WHAT IS COOPSPACE?

The cooperative principles are guidelines by which cooperatives put their values into practice. Cooperation among cooperatives is one of them. Coopspace is a platform which will give the possibility to all cooperatives from the CICOPA network to be linked together. It will be working as a social media tool where cooperatives will be able to post requests, exchange concerns, ask for advices. The main difference with a social media website such as Facebook is the purpose of Coopspace which is to give the possibility to cooperatives in industry and services to make business exchanges.

SECTORS
