- Anti-trust and the Sixth cooperative principle: can the principle of cooperation between cooperatives survive under the strengthening anti-trust regimes?
- Large Scale cooperatives – should antitrust laws be modified to address consumers' owned co-op's?
- Agricultural cooperatives – are the antitrust exemptions sufficient for modern day agricultural cooperatives?
- Social interests and Environmental interests Vs. price – what should public tenders consist of; in what ratio and who can determine the components' checked so they would serve public interests best.
